National Association of Regulatory Utility Commissioners

CYBERSECURITY TRAINING FOR STATE REGULATORY COMMISSIONS

APRIL 2024

New Orleans, Louisiana

TRAINING OBJECTIVES

- Gain knowledge of IT and OT technologies, as well as the tactics that utilities use to identify and deter cyber-attacks;
- Understand the spectrum of state and federal approaches to cybersecurity.
- Discover the range of available resources and new research underway to mitigate systemic cybersecurity risks to energy infrastructure.
- Identify cybersecurity cost recovery challenges and innovative solutions under consideration by Commissions today.
